**As we eagerly say goodbye to 2020, we all are optimistic for a better new year. A better new year just doesn't happen because the calendar changed, but it happens when you intentionally focus and do something in the areas you want to change. In this sermon series, we will start 2021 by addressing areas that may have gone stale and could use a reset. We will talk about what it looks like for the Lord to RESET our Hearts, Minds, and Hands.**
